Communication on your terms

- Websites – on our time.
- Conventional websites can be challenging to build.
- Wiki-based websites are much easier to construct.

What's a wiki-based web site?

- Allows on-line editing of content, format.
- Can be open or restricted
- Can be partly locked.
- Easy to setup and edit

Form and substance

- Planning documents
- Presentations
- Data catalogue; data sets
- Participating agencies and contact information
- Project plans.
- Project reports.

Clarity among friends

- Participant descriptors...
 - Motivating factors
 - Expectations.
 - Contributions
 - Data sharing agreements.
 - Schedules

A wiki in operation...
